Tamil Nadu Pave the Wav Towards 100% Literacy for Blind and Visually Impaired Students in Tamil Nadu

03

Chennai: Thinkerbell Labs, a leading Ed-tech company, proudly announces a significant milestone in its mission to build a 100% braille literate world. Annie Smart Class, a first-of-its-kind smart learning solution for visually impaired students was successfully deployed and inaugurated at the Government Higher Secondary School for Visually Impaired, Poonamallee, Chennai. Annie Smart Classes have been established in all of the 10 Government run schools for the visually impaired in the state, thus impacting more than 400 students. Thanks to Power Grid Corporation of India Limited, a public sector undertaking of the Government of India to help support the project under their Corporate Social Responsibility initiatives. Directorate for Welfare of the Differently Abled, a department under the State Government of Tamil Nadu, was instrumental in initiating, funding the pilot and implementing the project.

During the inauguration event, key patrons and digni-taries of PowerGrid, Poonamalle Blind School and Thinkerbell Labs, came together with beloved students to celebrate this remarkable achievement. The principal and teachers from Poonamallee Blind School expressed their appreciation, highlighting the significant benefits the students have gained from Annie. "The interactive nature of Annie, providing instructions, appreciation, and encouragement, has transformed the learning experience for the students, making braille education engaging and enjoyable. Even students in higher grades who recently lost their sight have received guidance through Annie, just like having a dedicated teacher by their side. On behalf of our students, we express gratitude and warm greetings to the Thinkerbell Labs team," said Mr A. Arulanandan, Principal of Government Higher Secondary School for Visually Impaired, Poonamallee,

"Our mission is to help make India and the world 100% braille literate, thereby helping the visually impaired be employable, independent and living a dignified life. This project is a great example of how the Government, Corporates and Startups can work together to create a large-scale impact in India. We are actively seeking strategic partnerships to embark on state-wide initiatives that will drastically im prove the education of visually impaired students," said Saif Shaikh, Co-founder of Thinkerbell Labs.

Adani Foundation Constructs Toilet Block for Girl Students. IS Government Hiaher Secondary School

Chennai: The Adani Foundation, in association with the Adani Kattupalli Port team, took a significant step towards improving the educational infrastructure and health facilities for girl students at JS Government Higher Secondary School in Pulicat Panchayat. The team officially handed over a Toilet Block comprising of 6 units dedicated to the girl students of the school.

In addition to the Toilet Block, the Adani Foundation has previously contributed to the school's development by establishing a Computer SMART Lab equipped with 20 computer systems and a learning platform. This lab has been instrumental in benefiting all 380 students by enhancing their digital literacy and educa-tional opportunities.The Adani Foundation remains committed to creating a positive and lasting impact on the lives of individuals and communities they serve. Their initiatives in the education and healthcare sectors continue to uplift the underprivileged and contribute to the overall progress of society.

A five-day photo exhibition is being held in Erode on behalf of the Central People of Chennai Region. A five-usy process on behalf of the Central People of Chennai Kegion. In Erode Municipal Hall, a Drawing competition was held for all college students. More than 50 students participated in the competition and then the winners of the painting competition were awarded certificates.

Sri Lakshmi Narasimha Swami Devasthanam To modernise its entire operations

Vellore: Sri Lakshmi Narasimha Swami Devasthanam announces a modernisation of the IT infrastructure and technology of the temple complex. Based in the Nandyal district in Andhra Pradesh, the Ahobilam Devasthanam is one of the most important Sri Vaishnava religious institutions in India and the avatarasthalam of Lord Narasimha. Over 600 years ago, the famous Sri Ahobila Mutt was established here at Ahobilam by Sri Athivan Sa-takopan, the founding Jeer of the Mutt, at the instructions of Lord Lakshmi Narasimha. The Devasthanam manages a temple complex consisting of nine shrines devoted to Lord Narasimha. With over 12,00,000 devotees visiting the shrine every year from Andhra Pradesh, nearby States and from other parts of India, the Devasthanam have taken it upon themselves to drive a modernisation initiative to completely transform their operations, devotee experience es and becoming more efficient and transparent in the process. Presiding over the changes, His Holiness, Srivan Satakopa Sri Ranganatha Yateendra Mahadesikan, said, "Over 600 years, the holy land of Ahobilam has gone through many transformations and restorations due to the blessing of the Lord Malola Narasimha, efforts of predecessors before me and because of the faith and devotion of devotees. This will also be one such milestone in the history of the temple that will enhance the devotee experience and make the functioning and management of the temple safe and efficient. Once fully implemented in the next few months, all bakthas will be able to plan their pilgrimage better and access many of the temple services online."

InsuranceDekho Raises \$150M in Series A Fundina

Chennai: InsuranceDekho, India's leading Insurtech player, said it has raised \$150 million in Series A funding consisting of a mix of equity and debt, the largest ever series A round by an Indian Insurtech company. The equity round was led by Goldman Sachs Asset Management and TVS Capital Funds with participation from Investcorp, Avataar Ventures and LeapFrog Investments. InsuranceDekho was founded by Ankit Agrawal and IshBabbar in 2016. Since its inception, the company has seen significant premium growth and aims to achieve annualized premium run-rate of INR 3,500 crores by March 2023. InsuranceDekho CEO and Co-founder Anki Agrawal, said:

"We need to go beyond the urban regions when it comes insurance penetration in the country. To realize our goal of democratizing insurance for the general public, we are expanding our reach and will continue to build on our techbased solutions and empowered advisors so that they can serve every village and region of India by the end of the year.

India is on the verge of a revolution in insurance, and In-

suranceDekho is well positioned to meet the insurance needs of every Indian." InsuranceDekho CTO and Co-founder IshBabbar said: "Insurance distribution in India is a complex problem that needs innovative solutions. The fundraise will enable us to deploy scalable Insurtech solutions in the areas of data analytics, Artificial Intelligence, last mile servicing and claims management while keeping customer experience at the core of everything." By the end of this calendar year, InsuranceDekho aims to have more than 200,000 insurance advisors active on its platform. InTamil NaduID is expanding its team very aggressively and aims to have a network of 10000 insurance advisors in near future. Typically, most Insurance-

Dekho insurance advisors observe a threefold[1] in-**NAME CHANGE** crease in total household income within six months of being associated with the company. The advisor's ability to earn more allows them to significantly improve the quality of living for their families
