Dharani has brought new problems: Kishan Reddy

Hyderabad, July 17: BJP State chief G Kishan Reddy on Monday alleged that the Dharani portal has exacerbated old problems and created a pandora box of new problems. In a statement issued here on Monday, Kishan Reddy said the State government should accept that there were issues which need to be addressed in Dharani. "it is the responsibility of the government to acknowledge and rectify the issues at hand," he said. "It is high time that the government realised its mistakes and took up corrective measures,"he said, adding that the Centre was providing hassle free property certificates and title deeds to the poor through the SVAMITVA scheme.

Haritha Haram - A boon to future generations

(contd ... page 1) A record of 273 crore saplings have been planted in the last nine years as part of environmental protection. In 2015-16, the forest area in Telangana was 19,854 square kilometers, but by 2023 it has increased to 26,969 square kilometers. As per the report of the Forest Survey of India, as a result of the Harita Haram program in Telangana State, the greenery has increased by 7.70 percent. In the past, there was a shortage of parks (greenery) in towns and cities, and people used to suffer without parks. But now, the Telangana government has established 19,472 Palle prakruthi Vanams and 2,275 Bruhat Palle prakruthi Vanams along with a nursery in every village. A large number of plants are grown on both sides of the roads. The government has developed urban forests at 179 places at a cost of 700 crore rupees. The Telangana government has innovatively set up Haritha nidhi with the participation of people from different fields. Public representatives, employees and students are participants in this Haritha nidhi. The contributions collected from all of them have been set up as Haritha Nidhi. The Forest Department acts as the nodal agency for Haritha Nidhi. Plantations on both sides of the road (Avenue Plantation) have been established across the State for about one lakh kilometers. 13.44 lakh acres of degraded forests are restored. A large-scale plantation program is planned in all the villages and towns across the state as part of the next phase Haritha Haram. As part of the Ninth phase, a target of planting 19.29 crore saplings has been set. This year, a decision has been taken to increase greenery along the canals and sites of all the irrigation projects.

Public issues to be analysed

We have several issues in the society, which we have been remaining as spectators merely, not finding out the causes and not initiating corrective measures, effectively. Some of them are pathetic and painful to note . We read in the newspapers and watch on our TV screens. We listen to radio news. newspapers and watch on our TV screens. We listen to radio news.

A - Adultration and Accidents

AIR Pollution

ACID throwing Atrocities against Women

B - Bore well Deaths - many children fall in side the Borewells and die if not rescued well in time. Blindness - by Eye donations and Eye Transplan-

tations C - Crime - is growing in geometric progression

D- Drug Abuse if ignored the society will be completely ruined.

L - Lynching it was not there earlier newly started - tieing a person to a tree or pole and canning Law and order - is not maintained.

P - Population Growth controls

R - Raping and Gang Raping

S - superstitions and rituals and dogma

S - sexual Abuse

S - Stray dogs are killing the new born in the hospitals and causing accidents on Road traffic and killing elders too

S - Safety of Citizens is lacking

T - Terrorism- quite dangerous

We have to find out the root causes and corrective steps and impliment those corrective steps to resolve those issues.

Out of all the issues Crime is pathetic and painful.

Crime patrol a TV Serial on Sony Entertainment channel shows true stories of crimes and how the criminals were caught .(other TV channels too have similar TV serials) I suggest all the public representatives to watch the episodes.

Child trafficking and Women trafficking is too much. Children are made as beggars and servant maids. Women are made as prostitutes.

Our issues should be resolved by us only . No one else resolves. Let us spare time in focussing on these issues.
