

CM YS Jagan Distributes House Site Pattas

(contd ... page 1) Explaining about the three options under which the houses would be constructed, he said under the first option, Government would transfer Rs. 1, 80,000 directly into the bank accounts of beneficiaries who want to construct the dwelling units on their own. Under the second option, Government would transfer the labour expenses directly into the bank accounts of beneficiaries after supplying cement, steel and door frames and under the third option, Government will fully take upon the responsibility of construction. In all options, sand would be provided free to the beneficiaries while quality steel, cement and door frames would be supplied at subsidized rates as per the policy adopted in all Jagananna colonies across the State, he clarified. Government would also arrange bank loans up to Rs. 35,000 each for all beneficiaries at 25 paise interest for expediting the construction, he said, adding the beneficiaries are free to choose the option. So far, house sites were given to 30, 75,000 poor women across the State, out of which 21 lakh women were sanctioned houses each worth Rs. 2. 5 lakh, he said, adding that the worth would go up to Rs. 5 or Rs. 10 lakh. This amounts to creating property worth Rs. 3 lakh crore on the whole, he said. Speaking about the TIDCO houses, he said the Government has been handing over the 300 square feet TIDCO houses just for Re 1 to 1, 43,000 beneficiaries with full rights while the TDP Government tried to exploit the beneficiaries by forcing them to pay Rs. 7.20 lakh per each TIDCO flat in instalments over several years. It amounts to cheating the beneficiaries, he remarked. Guntur District Collector M. Venugopala Reddy, Municipal Administration Minister A. Suresh, Social Welfare Minister M.4 Nagarjuna, Housing Minister J. Ramesh and YSRCP Mangalagiri MLA A. Ramakrishna Reddy also addressed the public meeting. Some of the beneficiaries from Guntur and NTR districts also spoke praising the Government's initiative.

AP CM alleges Chandrababu Naidu is unreliable

(contd ... page 1) You should not fall prey to the evil designs of the TDP and the gang of thieves," he appealed to them. While Naidu looted the exchequer during the TDP rule, his foster son and friendly media were silent but now all of them joined together to hoodwink the people once again, he said, reiterating that the Government spent more than Rs. 3 lakh crore through DBT and non-DBT welfare schemes in the last four years. "If you feel you have benefitted through the welfare schemes, stand by YSRCP and bring us victory in the next elections to continue the good work in future too" he appealed to people.

BJP should organise 'mahotsav' of its 'nakami': Congress

(contd ... page 1) All the institutions have been 'devalued' in the last nine years. NITI Aayog has become a part of the Prime Minister's Office," he said. Ramesh added, "All the investigative agencies have been misused. There has been a consistent effort to orchestrate a confrontation with the Judiciary. There has been a systematic attempt to undermine the independence and professionalism of all Constitutional and other legal authorities." Echoing a similar sentiment, Congress spokesperson Shrinath said, "In the last nine years, the country has witnessed inflation, unemployment and corruption. The claims made by the PM proved to be false. The BJP govt should organise 'mahotsav' (festival) of its 'nakami' (failure)." Meanwhile, Congress leader Rahul Gandhi in a tweet in Hindi wrote, "BJP built a nine year old building on false promises and plight of the public. Inflation, hatred and unemployment, PM should take responsibility for these failures."

UP to have 22 operational airports in 3 yrs: Scindia

Kanpur, May 26 (UNI) Union Civil Aviation Minister Jyotiraditya Scindia on Friday said that Uttar Pradesh will have 22 new airports in the next three years while making a significant announcement that steps will be taken to begin air service from Kanpur to Delhi very soon. After the inauguration of the new terminal building of Kanpur Airport, the Union Minister said, "We have announced 59 new routes and 122 new routes will be announced in the future. We have the vision to connect Kanpur with Pantnagar, Aligarh, Moradabad and Shravasti. There are currently 11 airports operating in the state and 11 more airports will be started over the next three years. UP will get 22 new airports." He said, "Be it Chitrakoot, Moradabad, Jhansi, Ghazipur, Aligarh, Azamgarh, Saharanpur

or Shravasti, airport facilities will be provided at all these places." Scindia said that today a new sparkle is visible in the eyes of the people of Kanpur and there are two reasons behind it. "The first reason is the recently concluded civic body elections in which UP's double-engine government has now transformed into a triple-engine government. The second reason is that the Kanpur airport's long-awaited expansion and modernisation are now complete, a brand-new terminal is being officially opened to the public today," he said. He said, "There are currently five international airports operational in UP and in the near future, Jewar and Ayodhya will also be complete. This series is still going, and Kanpur's airport has become a crucial part of it. It started as a small airport and today it has been inaugu-

rated as a 65,000-square-foot airport, which is 16 times larger." The Minister said, "The terminal, which previously handled just 3,000 passengers, will soon be able to handle 10 lakh passengers every year. This facility will not only benefit Kanpur but also impact 8 surrounding districts." Drawing a stark comparison between the present government and the previous governments, Scindia said, "During the previous government in 2014 there were only four airplanes arriving in Kanpur every week. Today it has increased by 600 percent to 28 airplane arrivals. In Agra, there were only 10 airplane arrivals per week in 2014, but today, based on a growth rate of 240 percent, it has increased to 34 airplane arrivals." He said, "Gorakhpur used to have 12 flights per week in 2013-14, which has increased by 800 percent to 106 flights per week today. The same situation is being witnessed by Prayagraj, where there were 22 airplane arrivals per week in 2014, which has now increased by 600 percent to 154." The Minister said, "If we look at the overall situation of

UP there were 652 airplane arrivals per week in 2013-14. Under the leadership of Prime Minister Modi and Chief Minister Yogi, today there are 1,595 airplane arrivals, which is a growth of 145 percent. We have nine operational airports in UP. A new airport will be built in Ayodhya in the next one and a half years and Jewar will compete with airports in important cities like Delhi, Mumbai, Kolkata, and Hyderabad as a result. In the coming time, around 6 crore people will depart from that airport." Praising Chief Minister Yogi Adityanath, Scindia said that the state is experiencing rapid development under his leadership. He mentioned that the Chief Minister had questioned him regarding the development of the airports in Prayagraj, Gorakhpur, Agra, Meerut, Jhansi and Aligarh. He said, "Someone who really cares about the growth and advancement of the state can ask such a question. Yogi Adityanath is the person who has the ability to turn the aspirations of the people into reality."
