Save Mettur Dam: S Ramadoss

CHENNAI: On the occasion of the 90th anniversary of the Mettur Dam, PMK founder S Ramadoss has urged the Tamil Nadu government to stop Karnataka from constructing a new dam in Mokedatu to prevent Mettur Dam from becoming useless.

In his statement, the senior leader said that works to construct the dam commenced in 1924 and was inaugurated on August 21, 1934. "I thank and wish the dam for prospering the districts irrigated by Cauvery. Similar to Karnataka cheating those districts now, the erstwhile Kingdom of Mysore opposed the construction of the dam for several decades. The dam was constructed despite opposition," he recalled.

He alleged the neighboring State is conspiring to make Mettur Dam useless and districts as deserts by constructing a dam upstream in Mokedatu.

"If Mokedatu dam is constructed, water to Mettur Dam will be stopped. Entire Tamil Nadu should protest in unison against Karnataka's move. PMK will sacrifice anything to safeguard Mettur Dam," the statement said.
