

**ABP Network's 'Roots & Rhythms' Enthral Delhi with Soul-Stirring Performances**

Chennai: ABP Network, a distinguished leader in the Indian media industry, marked a triumphant debut with its latest musical endeavour, "Roots & Rhythms," at the Indira Gandhi Indoor Stadium in New Delhi on September 30th. The grand event witnessed an overwhelming response, drawing a crowd of approximately 12,000 attendees. On the heels of the concert's resounding success, Avinash Pandey, CEO of ABP Network, expressed his jubilation, stating, "I'm absolutely delighted with the phenomenal turnaround we witnessed at the concert. The roaring crowd, the thunderous cheers, and the overall success of the event validate that we accomplished something truly extraordinary. This isn't just a concert; it's an exploration of the powerful stories that music can weave. Through 'Roots & Rhythms,' we sought to create an immersive experience that goes beyond the stage, connecting our audience with the heart and soul of India's musical heritage. Bringing three big artists together on one platform is a testament to our commitment to pushing boundaries and creating unique experiences." "Roots & Rhythms" stands as a testament to ABP Network's dedication to bridging cultural gaps and bringing people of all ages and backgrounds together. It serves as a platform for celebrating India's musical heritage while embracing contemporary sounds, crafting memories that resonate with the nation's passion for music. The resounding success of "Roots & Rhythms" firmly establishes it as a must-attend musical event for both music enthusiasts and those looking to immerse themselves in India's rich cultural heritage. ABP Network's commitment to promoting and preserving the nation's artistic legacy shines brightly through this event.

**CDRI Pioneers a Biennial Report on 'Global Infrastructure Resilience: Capturing the Resilience Dividend'**

Madurai: The Coalition for Disaster Resilient Infrastructure (CDRI) launched its flagship initiative - Biennial Report on Global Infrastructure Resilience: Capturing the Resilience Dividend. The Report was released by Shri Kiren Rijiju, Union Cabinet Minister, Ministry of Earth Sciences, Government of India, at a high-level event. The Report presents a compelling economic, financial, and political imperative for investing in resilience, based on a new cutting-edge Global Infrastructure Risk Model and Resilience Index (GIRI). GIRI is the first publicly available and fully probabilistic risk model to estimate risk for infrastructure assets with respect to most major geological and climate-related hazards. Commenting on the significance of the Biennial Report, Amit Prothi, Director General,

CDRI said, "The Report brings together a unique body of evidence to unpack the 'Resilience Dividend' making a compelling economic, political, and financial case to radically upscale investment in infrastructure. It lays out the challenges which when addressed can become the pathways to resilient infrastructure." Kamal Kishore, Member and HoD, NDMA and Co-Chair Executive Committee, CDRI said, "The Report is accompanied by a tool which countries can use to do deep dive analysis to inform their decision making, inform their infrastructure investment decisions, invest in resilience, and build infrastructure systems that last long and serve generations to come."

**Paytm announces free cancellation on train bookings at lowest cost**

Chennai: One97 Communications Limited (OCL) that owns the brand Paytm, India's leading payments and financial services company and the pioneer of QR and mobile payments, has announced lowest premium on Free Cancellation for train tickets booked through the Paytm app. The premium at which the Free Cancellation is offered is lowest with as low as 15. The new money saving feature is expected to ease user experience and add convenience to their travel booking journey with Paytm.

Users can now cancel their train ticket, six hours before their departure or chart preparation whichever is earlier, hassle free and also get an instant full refund on their source account without having to state the reason for the cancellation.

Most important thing is that users don't have to wait for days to receive their refund. The feature is available for all types of train ticket bookings including tatkal tickets. Paytm Spokesperson said, "As pioneers of mobile payments and QR technology in the country, we continue to bring the best user experience for travel bookings through the Paytm app. This feature also ensures that users are stress free while cancelling train tickets in case of emergencies and avail instant refund."

On train ticket bookings, users can book tickets on UPI with zero payment gateway fees. Moreover, users can also check the live train running status and PNR status on the Paytm app which enables them to travel at ease and stress free. Paytm is the authorised partner of Indian Railway Catering and Tourism Corporation (IRCTC) and has empowered its users with a seamless and superfast train ticket booking experience. It has made ticket booking easy and secure, providing the flexibility of payment modes with Paytm UPI, Paytm Wallet, netbanking, debit cards, Paytm Postpaid (Buy Now Pay Later facility) and credit cards. The company is the preferred online platform for travel bookings and is an International Air Transport Association (IATA) accredited travel agent.

**Fuji Electric India Showcased— Central solar Inverter PVI1500 series at REI Expo**

Chennai: Fuji Electric India, a top industrial automation and energy efficient solution provider and a part of the 100-year-old Fuji Electric, showcased Central solar inverter PV 1500 series at the Renewable Energy India Expo held at Great Noida from October 4 to 6. The new product extends Fuji Electric India's expertise to the solar power industry with a focussed portfolio. Fuji Electric India showcased the new product at stall number 11.39 at the Expo. Speaking about the launch, Mr.Shivaji Waghmare, CEO, Fuji Electric India, "As global warming concerns continue to mount, the expansion of renewable energy sources, particularly solar power, has gained prominence. We have ventured into this sector, focussing on developing a high-efficiency power conditioning system (PCS), incorporating internally produced power semiconductors. Fuji Electric holds a notable 15% market share in Japan, reflecting its commitment to delivering reliable solutions. We wish to replicate that in India."

**CAPGEMINI IGNITES INNOVATION WITH LAUNCH OF ITS TECH FIESTA 2023**

Chennai: Capgemini announced the launch of its Tech Fiesta 2023, the 13th edition of its annual technology flagship event that takes place simultaneously across four cities, showcasing the company's cutting-edge technology solutions in collaboration with its technology partners. The highly interactive, in-person technology event, for clients, industry partners, academia, start-ups, and analysts, will highlight Capgemini's commitment to innovation, agility, and industry best practice.

Tech Fiesta 2023 commenced today in Hyderabad and will continue until the end of October across Capgemini locations in India

including Bangalore, Pune, and Mumbai. Tech Fiesta serves as a platform to showcase Capgemini's capabilities across industries while demonstrating the strength of its collaborations.

This edition will focus on industries such as consumer products and retail, aerospace, automotive, banking, insurance, life sciences, telecom, energy transition and utilities. The theme for this year is 'Driving Sustainable Value Through Human & Artificial Intelligence', reflecting Capgemini's unwavering commitment to sustainable practices and the revolutionary synergy of human and AI endeavors.

Capgemini will demonstrate cutting-edge client offerings that have had a significant impact across sectors in terms of creating value,

with several formats such as demo zones, panel discussions, and interactive sessions. During the four cities event, Capgemini will present more than 30 innovation examples across the entire spectrum of future technologies, including the application of generative AI in areas such as Gen AI-driven Hyper Personalization, Intelligent Mobility, and Digital Work Instructions.

Speaking at the launch, Clifton Menezes, India Head of Group

Portfolio, Capgemini said, "We are thrilled to launch Tech Fiesta 2023 representing Capgemini in India's passion for innovation and collaboration.

We are cognizant of the disruption and vast opportunity that technology is enabling across industries today and are committed to provide our clients with innovative solutions for their digital transformation journeys.

Tech Fiesta is an opportunity to showcase our brand promise through cutting-edge solutions, capabilities, and transformative industry examples, to empower and inspire our existing and prospective clients."
