(vi) Institutional set-up for liquidity risk management

The Board of Directors of the Company has instituted the Asset Liability Management Committee to monitor and manage liquidity risk *inter-alia* by way of monitoring the asset liability composition, reviewing the liquidity and borrowing program of the Company, setting-up and monitoring prudential limits on negative mismatches w.r.t. liquidity and forecasting and analysing 'what if scenario' and preparation of contingency plans. Company evaluates the overall risks faced and also evaluate the liquidity risk. Further, the Audit Committee and the Risk Management Committee as a part of evaluation of the overall risks faced by the Company evaluate the liquidity risk faced by the Company.

The Company's liquidity and funding approach documented through its various plans and policies including the Asset Liability Management Policy, Resources Planning, is to ensure that funding is available to meet all market related stress situations. We endeavour to maintain a conservative Asset Liability Management approach which is focused on maintaining long term funding stability.

The Company's liquidity management set-up is assessed periodically to align the same with any regulatory changes in the economic landscape or business needs.
